— Employer — Guidelines

We believe the hiring process is a reciprocal relationship. Both the Employer and the Job Seeker must impress one another. Employers must demonstrate an attractive working environment, i.e.: positive work culture, fair pay and benefits, strong management, flexible work hours etc. Employers attending the Grant County Community Job Fair must come prepared to attract job seekers to their company!

DO...

- Bring current employees to speak about work culture and job responsibilities first hand.
- Provide information on the pay, benefits, scheduling etc.
- Bring colorful, well designed signage to that your table is inviting and clearly labeled.
- Bring applications so that job seekers can apply-on site.
- Bring example of your company's products and equipments.
- Highlight your company's assets!

DON'T...

- Set up a blank table (without signage, products, or information on the open job positions)
- Come unprepared to highlight your company!
